**So you'd like to move your account to the Government of Guam Employees Federal Credit Union but...**

## There are no buts about it!

### But how do I close my old account?

We've provided a form that you can sign and date to mail or fax back to your other financial institution requesting to close your account. You can even request to send the remaining balance to your new GGEFCU account!

### But I automatically pay bills out of my other account.

We have phone numbers for local utility companies and an automatic payment change request inside this brochure. All you have to do is complete, sign and then fax or mail the application to each of the companies that receive your automatic payments.

### But my direct deposit goes into another account.

Direct deposit is also available at GGEFCU. We've enclosed a form you can complete to give your employer all the information needed to start sending your payroll directly to GGEFCU rather than to your old account.

### But I don't want to buy stamps to mail all these forms back, and I don't have a fax machine.

Complete the enclosed forms, sign and return to us. We will fax the forms back to the appropriate companies for you free of charge. That's just part of our great service!
