3. Mary E. S. Lizama (Beth)

A. Reasons for wanting to serve

My father, Gregorio Sanchez, was part of the group of visionaries who created the Government of Guam Employee's Federal Union. He was a great believer in the fair and affordable financial assistance that credit union membership provides and he instilled that belief in his family. I am humbly seeking a position on the Board of Directors to help members, staff and management reach their goals, just as my dad did.

The year 2020 has challenged everyone. The Coast360 family has successfully continued to be a source of reliability to our members, even in a pandemic. I applaud them on their success! Moving forward, and with your support, I will work to help guide Coast360's growth and financial security.

B. Employment History

I am currently the Vice-President of MCB Inc. It is our small family business that has provided services to Guam's private and public sector for over thirty (30) years. Through this business, I have gained valuable experience in business management that focuses on the needs of our clients. I have worked with all of the financial institutions on Guam in some capacity as a service provider. I helped build the first and only local ATM switch, Mari-net. In the last 3 decades, Guam has experienced many changes in the financial services sector and MCB continues to provide dependable services that serve our island community. It is the experience that I will bring to the board of directors of Coast360.

C. Education Degrees

BA in Political Science from University of Guam in 1984
Teacher Certification in Financial Literacy & Government from University of Guam in 2011

D. Volunteer Activities

Additionally, for the past 12 years, I have worked with Junior Achievement (JA) Guam. It has been one of the most fulfilling experiences of my life. JA has the privilege of offering programs that enable young people to succeed in a global economy. Armed with business volunteers and educators, we teach and train students from elementary through high school about financial literacy, entrepreneurship and work readiness.
