## FOR IMMEDIATE RELEASE

### Coast360 raises over \$25,000

Maite, Guam – May 1, 2018 – To celebrate 55 years of ‘people helping people’, Coast360 hosted the 2017 eCoast 5K Run & Family Fair on September 23<sup>rd</sup>. More than 2,000 runners and 100 volunteers stood with Coast360 at our Maite headquarters in support of a greener Guam. Because of the overwhelming support of our partners and the community, we raised over \$25,000 for local sustainability projects and recycling initiatives.

At Coast360 we believe that together, we thrive, and none of this would have been possible without the many sponsors, volunteers, and attendees who, through their participation in this event, have solidified their commitment to protecting our environment. It is with this belief and our commitment to enriching the lives of our members and community that we have chosen to partner with the following organizations to create a greener Guam:

Island Beautification Task Force - Project Heritage

Farm to Table Guam Corporation

i\*recycle Guam

Micronesia Conservation Coalition

MTM Mayor’s Office

We are excited to be involved in the visible changes and environmental improvements that these partnerships will produce as well as the intangible outreach and educational efforts that will affect our people for generations to come. (see attached for photos)

Together we thrive.
