Coast360 Donates \$20K for Bus Stop Campaign

Maite, Guam, September 26, 2013 – Coast360 Federal Credit Union donated \$20,000 towards the development of Mangilao's newest bus stop for the island's schoolchildren. Headed by First Lady Christine Calvo and the Rigalu Foundation, the new bus stop is part of "The Bus Stops Here" campaign, which is a permanent bus shelter construction project that partners with local businesses and organizations to build over 100 bus shelters on Guam.

"About 120 school children wait at this particular bus stop on any given day. Coast360 is honored to be part of the development of one of the largest bus stops on the island and humbly supports any effort aimed towards the safety of our children," says Coast360 CEO, Richard Northey.

A ground breaking ceremony was held on Tuesday, September 17 along University Drive, Mangilao.
